Notice of Plan Development

Benton County Human Services is leading the development of Benton and Franklin Counties' Local Homeless Housing Plan for 2025-2030. Washington State Department of Commerce (Commerce) requires local jurisdictions to submit a local homeless housing plan every five years.

Benton County Human Services is leading a bi-county advisory group in developing the 2025 - 2030 Benton and Franklin Counties Local Homeless Housing Plan. The stakeholders include representatives from organizations working directly in homeless services, behavioral health, and social services. Throughout the development process, we will be soliciting additional feedback from community members, other local representatives and service providers, and those with lived experience with homelessness. If you would like to participate in the development, please follow our social media for upcoming survey, listening session, and public comment opportunities. The anticipated completion date of the plan is February 28, 2026, and will be presented to the Benton and Franklin Counties Board of County Commissioners for formal adoption in March 2026.
