

Benton County Public Services

Civic Access – How to Schedule an Inspection

SCHEDULING ON CIVIC ACCESS

When viewing the **Summary** tab, you can check the **Workflow** box to confirm that the permit has passed plan review, all fees have been paid, and the permit has been issued. Once these requirements are met, the **Available Actions** box will display all inspections that are eligible to be scheduled. Keep in mind that not every listed inspection may be required for your project. You can schedule an inspection directly from the **Available Actions** box or by navigating to the **Inspections** tab.

Permit Number: BLDR-2026-0090

Civic Access – How to Schedule an Inspection

When you move to the next screen, you'll be able to select the date for your inspection and add any comments. If you're scheduling multiple inspections at once, a separate box will appear for each one. Each inspection box will also include a number in the top-left corner so you can easily tell them apart.

Civic Access – How to Schedule an Inspection

If you click the **Cancel Inspection** button, you'll be asked to confirm the cancellation. If you need to cancel an inspection on the same day it is scheduled, please also contact the building department or the public works department.

Cancel Inspection

Are you sure, you are going to cancel this inspection?

Yes

No

On the day of the inspection, select the **Today's Inspections** button from the main menu bar. This screen displays only the inspections scheduled for **today**, along with the **assigned inspector** for each one.

Please note: Changing the date field will not load inspections for any other day. This screen is designed exclusively for viewing today's inspections, not tomorrows or any future date.
