CRITERIA FOR FINDINGS OF FACT:

1. **Benton County Code (BCC) 16.14.030**, Comprehensive Plan – Amendments - Persons Eligible to Request Amendments - Applications.
 - (b) Applications to amend any other portion of the County's Comprehensive Plan can be submitted at the direction of the Benton County Planning Commission, Benton County Board of Commissioners, the Benton County Planning Director, any owner of property in unincorporated Benton County seeking an amendment that only affects that person's property, any resident of unincorporated Benton County supported by signatures of ten (10) residents of unincorporated Benton County, or any general or special purpose local governmental entity operating in Benton County pursuant to an adopted resolution of its legislative body or board of directors.
2. **Benton County Code (BCC) 16.14.040**, Comprehensive Plan – Amendments - Public Notice Deadline for Submittal of Complete Application.

- (a) Prior to October 1st of each year, the Planning Division shall place legal notices in the official county newspaper announcing the December 1st deadline for submitting complete applications for amendments to the Comprehensive Plan.
3. **Benton County Code (BCC) 16.14.050**, Comprehensive Plan – Amendments - Application Period.
- (a) Subject to the exceptions found in RCW 36.70A.130(2)(a) and 36.70A.130(2)(b), applications to amend the Comprehensive Plan shall only be accepted between October 1st and December 1st of any year, and all applications will be considered concurrently by the Board of County Commissioners in the calendar year that follows the year in which the application is submitted.
4. **Benton County Code (BCC) 16.14.060**, Amendments to the Benton County Comprehensive Plan – Amendments - Documentation required for a complete application.
- (a) Within fourteen (14) days after receiving an application for amendment to the Comprehensive Plan, the County Planning Division shall review the application and place in the mail or personally deliver a written determination addressed to the applicant stating that the application is complete or that the application is incomplete and identifying what is necessary to make the application complete.
- (b) All applications for amendment to the Comprehensive Plan must provide all information requested on the application form and include the following documentation:
- (1) a completed environmental checklist in accordance with the State Environmental Policy Act (SEPA);
 - (2) an application fee as set by resolution of the Board of County Commissioners;
 - (3) a textual and graphic description of the requested Comprehensive Plan amendment which shall identify the specific portions of the Plan proposed for amendment;
 - (4) an explanation of why the amendment is being proposed; and
 - (5) the signature of the person or persons eligible to make the application as set forth in BCC 16.14.030.
5. **Benton County Code (BCC) 16.14.080**, Comprehensive Plan – Amendments - Procedural Steps for Review of Proposed Amendments.
- (a) The Planning Division will initiate review of complete applications by listing them in a posted legal notice along with the State Environmental Policy Act (SEPA) review dates. Analysis of each application for consistency with the Washington State Growth Management Act and the Comprehensive Plan, including the adopted County-wide Planning Policies, will be conducted and

summarized in a staff report. The Planning Division shall also make a recommendation to the Planning Commission for approval or denial of each application.

- (b) The Planning Commission will conduct at least one open record public hearing on the applications and forward a recommendation for approval or denial of each application to the Board.
- (c) The Board of County Commissioners will conduct at least one open record public hearing on the applications prior to approving, approving with modifications and/or conditions, or denying the applications.

6. **Benton County Comprehensive Plan**, 1.7 Amendments to this Comprehensive Plan.

Amendments to the Comprehensive Plan are legislative actions requiring County Commissioners' approval. Amendments must be approved as prescribed by the GMA. With a few exceptions, they cannot be considered more often than once per year and in accordance with specific procedures. Major updates occur by legislative action on an 8-year cycle as established by RCW 36.70A.130 (4)(c).

Amendments can be requested by the County or by private individuals. Multiple applications for amendments will be considered in a single legislative review process in order to evaluate the potential cumulative effect of the requests. All amendment requests require a public hearing with the Planning Commission, which then makes a recommendation to the County Commission. The County Commission will approve or deny the amendments in a public hearing. Public involvement with this process is required and encouraged through direction of the County Public Participation Plan.

Annual amendments will address the issues of major or minor land use classification changes; changes to the goals, policies, and text of the Comprehensive Plan; changes to supporting data and implementation; changes to the Land Use Maps; and changes to the inventories and technical documents.

7. **Benton County Comprehensive Plan**, 2 Goals and Policies.

Section 2.2 Land Use

LU Goal 1: Ensure that land uses are compatible with surrounding uses that maintain public health, safety, and general welfare.

Policy 1: Maintain a mix of land uses that supports the character of each rural community.

Policy 3: Maximize the opportunities for compatible development within land use designations to serve a multitude of compatible uses and activities.

2.2.3 Rural Lands

LU Goal 6: Preserve rural lifestyles outside UGAs and incorporated areas while accommodating new population growth consistent with the protection of rural character.

Policy 1: Maintain overall residential densities within rural residential areas that reflect rural character as defined by the GMA and are low enough to perpetuate rural lifestyles, which are typically characterized locally by a predominantly open landscape inhabited by households engaged in diverse and recreational land use activities related to livestock and crop production; protect surface and ground water; and that can be supported by available public services.

Policy 2: Development in rural areas is typified by large lots and less dense development. Favoring development that is less dense and has larger lots helps maintain the rural character of designated rural areas and supports the protection of ground and surface water.

Policy 3: Designated rural areas will be utilized to reduce the inappropriate conversion of agricultural lands, prevent sprawling low-density development and assure that rural development is compatible with surrounding rural and agricultural areas.

2.7 Housing

HE Goal 1: Provide for a variety of residential uses and densities consistent with the rural character and lifestyles and a choice of housing types for people of all income levels.

Policy 1: Include a variety of dwelling unit types and densities within the rural housing stock.

8. **Growth Management Act**, RCW 36.70A, including RCW 36.70A.011, RCW 36.70A.020, RCW 36.70A.106, and RCW 36.70A.130.

9. **Benton County Code Chapter 6.35 Environmental Policy, WAC 197-11, and RCW 43.21C.120.**

As provided in this section and in WAC 197-11-350, the responsible official may issue a determination of non-significance (DNS) based on conditions attached to the proposal by the responsible official or on changes to, or clarifications of, the proposal made by the applicant.

RECOMMENDATION:

The Benton County Planning Division recommends that the Planning Commission forward a **recommendation of approval** to the Benton County Board of Commissioners for

application CPA 2022-001, changing the land use designation from Rural Industrial to Rural Remote and updating Appendix A-Map Folio Figure 5 to reflect said land use designation with the following suggested findings of fact and motion.

SUGGESTED FINDINGS OF FACT:

The following Findings of Fact are based on comments received up to the date of this staff memo. Any comments received after the completion of this staff memo or submitted during the advertised public hearing for CPA 2022-001 will need to be considered by the Planning Commission and may be added to the suggested Findings of Fact as set forth below. The Planning Commission may decide to adopt these as their own or amend/add to these Findings of Fact after holding the open public hearing.

FINDINGS OF FACT

1. The applicant proposes to modify the Comprehensive Plan designation of six (6) parcels that lie adjacent other Rural Remote designated parcels from Rural Industrial to Rural Remote. The amendment will revise and update *Figure 5 - 2017 Periodic Update Land Use Designations Map* in *Appendix A* of the *Benton County Comprehensive Plan* and if necessary other tables and text in the Plan that may refer to the current use or designation of the property.
 - a. A rezone of the property from the current Heavy Industrial zoning designation to a rural residential zoning designation will be required after the Comprehensive Plan Amendment process is completed.
2. The applicant is Vicki Brock whose mailing address is 225604 E Cochran Rd, Kennewick, WA 99337.
3. The properties are addressed as 226304, 225626, 225616, 225604, 225504, and 225204 E Cochran Road, Kennewick WA 99337 and are located approximately 1/4 mile east of the intersection of E Cochran Road and S Finley Road. The parcels are legally described as: Lots 1 and 2 of Short Plat 2006, Lots 1 and 2 of Short Plat 2157, the east half of the west half of the southeast quarter of the northwest quarter, lying north of the drainage canal south of right of way line as same existed on October 4, 1951, and the south 277.00 feet of the west 79.00 feet of the west half of the west half of the southeast of the northwest. Parcel numbers: 1-2380-201-2006-002, 1-2380-201-2006-001, 1-2380-201-2157-002, 1-2380-201-2157-001, 1-2380-200-0014-000, and 1-2380-200-0017-000.
4. The properties collectively comprise approximately 15.10 acres in size.
5. The subject parcels are currently designated Rural Industrial by the Benton County Comprehensive Plan.
6. The proposed Comprehensive Plan designation of Rural Remote, and anticipated zone change to a rural residential zoning designation will allow for single-family residential use activities, consistent with existing residential uses on the properties.
7. Adjoining properties to the north, east and south are designated Rural Industrial

while those to the west are designated Rural Remote.

9. Public notice and application requirements have been completed for the Comprehensive Plan Amendment request as follows:
 - a. Legal notification for the 2022 Comprehensive Plan Amendment Docket was published in the Prosser Record Bulletin on February 23, 2022.

 - c. The application was declared complete for processing on October 5, 2021.
 - d. The application documents were distributed to reviewing agencies on January 27, 2022.
 - e. The application documents were provided Washington State Department of Commerce on January 28, 2022, through their online submittal system, initiating their 60-day review.
 - f. Legal notification for the Planning Commission public hearing was published on February 23, 2022, in the Prosser Record Bulletin.
 - g. Notice of the Planning Commission public hearing was emailed/mailed to property owners of record within 300 feet of the proposal on February 22, 2022.
 - h. The Planning Commission public hearing is scheduled for March 8, 2022.
10. The application submittal, eligibility, public notice, and procedural steps for CPA 2022-001 is consistent with *Benton County Code (BCC) Chapter 16.14 Amendments to the Benton County Comprehensive Plan*.
11. The application for CPA 2022-001 is consistent with the *Benton County Comprehensive Plan, 1.7 Amendments to this Comprehensive Plan*.
12. The application for CPA 2022-001 is consistent with the goals and policies of the Benton County Comprehensive Plan:
 - a. Section 2.2 Land Use

LU Goal 1: Ensure that land uses are compatible with surrounding uses that maintain public health, safety, and general welfare.

Policy 1: Maintain a mix of land uses that supports the character of each rural community.

Policy 3: Maximize the opportunities for compatible development within land use designations to serve a multitude of compatible uses and activities.

2. What is the current use of the property?
Residential homes with small pastures

3. What is the existing comprehensive plan designation for the area in which the property is located?
Heavy Industrial

4. What is the proposed use of the property?
Rural Lands (RL-5) for continued use as residential homes with small pastures

5. State the requested amendment language or proposed plan designation for the property:
We are requesting a change to the Comprehensive Plan Map to achieve RL-5 zoning

6. Prepare and attach a site map showing the area in which a plan change is being sought. If the amendment requires a map plan change, please show clearly the following: the proposed plan change boundaries, map scale, north arrow, date of preparation, major physical boundaries; both natural and man-made, lying within or adjacent to the affected area (I. e., including but not limited to highways, railroads, rivers, streams, power lines, schools, and other public outbuildings, etc.), section, township and range lines are to be shown and identified. If in shoreline area, define existing shorelines area as shown in existing shorelines master plan and indicate the existing environment designation.

7. What are the reasons for the requested amendment include substantial information why the provisions, map designations, etc., of the adopted plan are not sufficient to satisfy the concern that gives rise to the amendment request:
These properties have been residential use for decades. Benton County classified and zoned them Heavy Industrial which is inconsistent with the actual use of these properties.
RL-5 would be more consistent with the current use of these properties, and is the zoning designation of other similar properties also located on Cochran Road.

8. Include information on the availability and location of utilities and roads, means of providing water and waste disposal, schools, parks, and the availability of sheriff and fire protection services:
The properties are located on the north side of East Cochran Road and have existing wells and septic located on each property.

9. Please provide supporting information on how the proposal complies with the comprehensive plan amendment evaluation criteria (see attached):
Historically these properties have been residential use. Benton county changed the zoning, inconsistent with property use. These properties are more compliant with an RL5 zoning than "Heavy Industrial".

10. Include any other substantiated information that you feel is necessary or relevant for consideration:
These properties have been in residential use for decades. Benton county classified and zoned these properties "Heavy Industrial" which is inconsistent with the actual use of these properties. "RL5" would be more consistent with the former and current use of properties. "RL5" is the current zoning of other similar properties located on Cochran Road.

ALL persons with an ownership interest in the property on which the land use action is proposed must sign the application other than interests exclusively limited to ownership of the parcel's mineral rights.

An application fee of \$1000.00 must be submitted with this application. **This fee is non-refundable.** Please make check payable to Benton County Treasurer.

10. Include any other substantiated information that you feel is necessary or relevant for consideration:

These properties have been in residential use for decades. Benton county classified and zoned these properties "Heavy Industrial" which is inconsistent with the actual use of these properties. "RL5" would be more consistent with the former and current use of properties. "RL5" is the current zoning of other similar properties located on Cochran Road.

Please use additional pages when required to provide ten (10) resident support signatures:

File No. EA 2021-024

Project Description: A Comprehensive Plan Amendment (CPA 2022-001) to amend the Benton County Comprehensive Plan land use map (*Figure 5 - 2017 Periodic Update Land Use Designations Map*). The amendment proposes to change the land use designation from Rural Industrial to Rural Remote for six (6) contiguous parcels. The amendment further revises the tables and text in the Plan that may refer to the current use or designation of the properties. Additionally, the subsequent rezone of the properties from the Heavy Industrial (HI) zoning designation to a Rural Lands Five Acre (RL-5) zoning designation has been included in this SEPA application review.

Project Location: The properties are located approximately 1/4 mile east of the intersection of E Cochran Road and S Finley Road, lying north of E Cochran Road in the Finley area of unincorporated Benton County. Addresses: 226304, 225626, 225616, 225604, 225504, and 225204 E Cochran Road, Kennewick WA 99337. Parcel Numbers: 1-2380-201-2006-002; 1-2380-201-2006-001; 1-2380-201-2157-002; 1-2380-201-2157-001; 1-2380-200-0014-000; and 1-2380-200-0017-000.

Jurisdiction: Benton County, Washington

Lead Agency: Benton County Planning Division

Threshold Determination: The lead agency for this proposal has determined that it will not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c). The decision was made after review of a completed environmental checklist, comments received from various agencies and other information on file with the lead agency. This information is available to the public on request.

This DNS is issued under WAC 197-11-340(2) the lead agency will not act on this proposal for 14 days from the date below. Comments must be submitted by February 10, 2022.

Administrative appeals of threshold determinations of non-significance are not allowed.

A. BACKGROUND

- 1. Name of proposed project, if applicable: Comprehenisve Plan Change, Zoning Designation Change, Applicable Map Changes.
- 2. Name of applicant: Vicki Brock
- 3. Address and phone number of applicant and contact person: Vicki Brock - 225604 E. Cochran Rd. / Kennewick, Wa 99337 - Cell (509) 987-2306 - email: vicki.brock@gmail.com
- 4. Date checklist prepared: September 15, 2021
- 5. Agency requesting checklist: Benton County Planning Department
- 6. Proposed timing or schedule (including phasing, if applicable): Planning Department Schedule
- 7. Do you have any plans for future additions, expansion, or further activity related to or connected with this proposal? If yes, explain.
No future plans.
- 8. List any environmental information you know about that has been prepared, or will be prepared, directly related to this proposal. None
- 9. Do you know whether applications are pending for governmental approvals of other proposals directly affecting the property covered by your proposal? If yes, explain. None
- 10. List any government approvals or permits that will be needed for your proposal, if known. None
- 11. Give a brief, complete description of your proposal, including the proposed uses and the size of the project and site. There are several questions later in this checklist that ask you to describe certain aspects of your proposal. Yqu do not need to repeat those answers on this page.
Comprehensive Plan Change, Zoning Designation Change and Applicable Map Changes. Petitioning to change the zoning of neighborhood property from "Heavy Industrial non-conforming" to "RL5" zoning. Property's current non-conforming use matches that of residential / agriculture usage. There would be no change in current use when reclassifying to "RL5" classification.

12. Location of the proposal. Give sufficient information for a person to understand the precise location of your proposed project, including a street address, if any, and section, township, and range, if known. If a proposal would occur over a range of area, provide the range or boundaries of the site(s). Provide a legal description, site plan, vicinity map, and topographic map, if reasonably available. While you should submit any plans required by the agency, you are not required to duplicate maps or detailed plans submitted with any permit applications related to this checklist. B. ENVIRONMENTAL ELEMENTS

1. Earth

a. General description of the site (circle one):

Flat Rolling Hilly Steep Slopes Mountainous

Other Not applicable, this is not a site specific project. Future projects may need evaluation.

b. What is the steepest slope on the site (approximate percent slope)?
Not applicable, this is not a site specific project. Future projects may need evaluation.

c. What general types of soils are found on the site (for example, clay, sand, gravel, peat, muck)? If you know the classification of agricultural soils, specify them and note any agricultural land of long-term commercial significance and whether the proposal results in removing any of these soils.
Not applicable, this is not a site specific project. Future projects may need evaluation. Soil is sandy.

d. Are there surface indications or history of unstable soils in the immediate vicinity? If so, describe.
Not applicable, this is not a site specific project. Future projects may need evaluation. No unstable soils known.

e. Describe the purpose, type, total area, and approximate quantities and total affected area of any filling, excavation, and grading proposed. Indicate source of fill. No fill or grading proposed.
Not applicable, this is not a site specific project. Future projects may need evaluation.

f. Could erosion occur as a result of clearing, construction, or use? If so, generally describe.
Not applicable, this is not a site specific project. Future projects may need evaluation. No clearing proposed.

g. About what percent of the site will be covered with impervious surfaces after project construction (for example, asphalt or buildings)? Not applicable, this is not a site specific project.
Future projects may need evaluation. No impervious surfaces proposed.

h. Proposed measures to reduce or control erosion, or other impacts to the earth, if any: None
Not applicable, this is not a site specific project. Future projects may need evaluation.

2. Air

a. What types of emissions to the air would result from the proposal during construction, operation, and maintenance when the project is completed? If any, generally describe and give approximate quantities if known. Not applicable, this is not a site specific project. Future projects may need evaluation.
No changes from current use proposed.

b. Are there any off-site sources of emissions or odor that may affect your proposal? If so, generally describe. Not applicable, this is not a site specific project. Future projects may need evaluation.

No off site odor forseen.

c. Proposed measures to reduce or control emissions or other impacts to air, if any: None

Not applicable, this is not a site specific project. Future projects may need evaluation.

3. **Water**

a. Surface Water:

1) Is there any surface water body on or in the immediate vicinity of the site (including year-round and seasonal streams, saltwater, lakes, ponds, wetlands)? If yes, describe type and provide names. If appropriate, state what stream or river it flows into. _____

Not applicable, this is not a site specific project. Future projects may need evaluation.

2) Will the project require any work over, in, or adjacent to (within 200 feet) the described waters?

If yes, please describe and attach available plans. _____

Not applicable, this is not a site specific project. Future projects may need evaluation.

3) Estimate the amount of fill and dredge material that would be placed in or removed from surface water or wetlands and indicate the area of the site that would be affected. Indicate the source of fill material. Not applicable, this is not a site specific project. Future projects may need evaluation.

No fill or dredge material proposed.

4) Will the proposal require surface water withdrawals or diversions? Give general description, purpose, and approximate quantities if known. No change in current use.

Not applicable, this is not a site specific project. Future projects may need evaluation.

5) Does the proposal lie within a 100-year floodplain? If so, note location on the site plan. _____

Not applicable, this is not a site specific project. Future projects may need evaluation.

No change from current use.

6) Does the proposal involve any discharges of waste materials to surface waters? If so, describe the type of waste and anticipated volume of discharge. _____

Not applicable, this is not a site specific project. Future projects may need evaluation.

b. Ground Water:

1) Will groundwater be withdrawn from a well for drinking water or other purposes? If so, give a general description of the well, proposed uses and approximate quantities withdrawn from the well. Will water be discharged to groundwater? Give general description, purpose, and approximate quantities if known. Not applicable, this is not a site specific project. Future projects may need evaluation.

No change from current use.

2) Describe waste material that will be discharged into the ground from septic tanks or other sources, if any (for example: Domestic sewage; industrial, containing the following chemicals...; agricultural; etc.). Describe the general size of the system, the number of such systems, the number of houses to be served (if applicable), or the number of animals or humans the system(s) are expected to serve. Not applicable, this is not a site specific project. Future projects may need evaluation.

No change from current use.

c. Water runoff (including stormwater):

- 1) Describe the source of runoff (including storm water) and method of collection and disposal, if any (include quantities, if known). Where will this water flow? Will this water flow into other waters? If so, describe. **Not applicable, this is not a site specific project. Future projects may need evaluation.**

No change from current use.

- 2) Could waste materials enter ground or surface waters? If so, generally describe.

Not applicable, this is not a site specific project. Future projects may need evaluation.

No change from current use.

- 3) Does the proposal alter or otherwise affect drainage patterns in the vicinity of the site? If so, describe.

Not applicable, this is not a site specific project. Future projects may need evaluation.

No change from current use.

d. Proposed measures to reduce or control surface, ground, and runoff water, and drainage pattern impacts,

if any: **Not applicable, this is not a site specific project. Future projects may need evaluation.**

No change from current use.

4. **Plants**

- a. Check the types of vegetation found on the site:

Deciduous tree (*alder, maple, aspen, other*)

Evergreen tree (*fir, cedar, pine, other*)

Shrubs

Grass

Pasture

Crop or grain

Orchards, vineyards or other permanent crops

Wet soil plants (*cattail, buttercup, bullrush, skunk cabbage, other*)

Water plants (*water lily, eelgrass, milfoil, other*)

Other types of vegetation

- b. What kind and amount of vegetation will be removed or altered? **A variety of vegetation on each residence.**

Not applicable, this is not a site specific project. Future projects may need evaluation. No change to current vegetation.

- c. List threatened and endangered species known to be on or near the site. **No known endangered species.**

Not applicable, this is not a site specific project. Future projects may need evaluation.

- d. Proposed landscaping, use of native plants, or other measures to preserve or enhance vegetation on the site, if any: **No proposed landscaping. No change from current use.**

Not applicable, this is not a site specific project. Future projects may need evaluation.

- e. List all noxious weeds and invasive species known to be on or near the site. **None known.**

Not applicable, this is not a site specific project. Future projects may need evaluation.

5. **Animals**

a. List any birds and other animals which have been observed on or near the site or are known to be on or near the site. Examples include: birds: hawk, heron, eagle, songbirds, other; mammals: deer, bear, elk, beaver, other; fish: bass, salmon, trout, herring, shellfish, other. A wide variety of wild, and domestic animals.

Not applicable, this is not a site specific project. Future projects may need evaluation.

No change from current use.

b. List any threatened and endangered species known to be on or near the site. None known.

Not applicable, this is not a site specific project. Future projects may need evaluation.

No change from current use.

c. Is the site part of a migration route? If so, explain. Not applicable, this is not a site specific project.

This site is not known to be a part of a migration route. No change from current use.

d. Proposed measures to preserve or enhance wildlife, if any: No changes proposed.

Not applicable, this is not a site specific project. Future projects may need evaluation.

No change from current use.

e. List any invasive animal species known to be on or near the site. None known.

Not applicable, this is not a site specific project. No known invasive animal species are known.

No changes from current use.

6. **Energy and Natural Resources**

a. What kinds of energy (electric, natural gas, oil, wood stove, solar) will be used to meet the completed project's energy needs? Describe whether it will be used for heating, manufacturing, etc. _____

Not applicable, this is not a site specific project. Future projects may need evaluation.

Residences currently use electricity. No changes from current use proposed.

b. Would your project affect the potential use of solar energy by adjacent properties? If so, generally describe.

Not applicable, this is not a site specific project. No changes from current use proposed.

c. What kinds of energy conservation features are included in the plans of this proposal? List other proposed measures to reduce or control energy impacts, if any: None.

Not applicable, this is not a site specific project. Future projects may need evaluation.

7. **Environmental Health**

a. Are there any environmental health hazards, including exposure to toxic chemicals, risk of fire and explosion, spill, or hazardous waste, that could occur as a result of this proposal? If so, describe.

Not applicable, this is not a site specific project. Future projects may need evaluation.

No changes from current use proposed.

1) Describe any known or possible contamination at the site from present or past uses. None known.

Not applicable, this is not a site specific project. Future projects may need evaluation.

No changes from current use proposed.

2) Describe existing hazardous chemicals/conditions that might affect project development and design.

This includes underground hazardous liquid and gas transmission pipelines located within the project

Not applicable, this is not a site specific project. Future projects may need evaluation.

No changes from current use proposed.

area and in the vicinity. _____

- 3) Describe any toxic or hazardous chemicals that might be stored, used, or produced during the project's development or construction, or at any time during the operating life of the project.

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes to current use proposed.

- 4) Describe special emergency services that might be required. **None**

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

- 5) Proposed measures to reduce or control environmental health hazards, if any: **None**

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

b. Noise

- 1) What types of noise exist in the area which may affect your project (for example: traffic, equipment, operation, other)? **None**

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

- 2) What types and levels of noise would be created by or associated with the project on a short-term or a long-term basis (for example: traffic, construction, operation, other)? Indicate what hours noise would come from the site. _____

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

- 3) Proposed measures to reduce or control noise impacts, if any: **None.**

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

8. Land and Shoreline Use

- a. What is the current use of the site and adjacent properties? Will the proposal affect current land uses on nearby or adjacent properties? If so, describe. **Not applicable, this is not a site specific project.**

Land is currently used as residential/agriculture. Approved proposal will not affect or change current land use.

- b. Has the project site been used as working farmlands or working forest lands? If so, describe. How much agricultural or forest land of long-term commercial significance will be converted to other uses as a result of the proposal, if any? If resource lands have not been designated, how many acres in farmland or forest land tax status will be converted to nonfarm or nonforest use? _____

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

Land is currently used as residential/agriculture. Approved proposal will not affect or change current land use.

1) Will the proposal affect or be affected by surrounding working farm or forest land normal business operations, such as oversize equipment access, the application of pesticides, tilling, and harvesting?
If so, how: Not applicable, this is not a site specific project.

Land is currently used as residential/agriculture. Approved proposal will not affect or change current land use.

c. Describe any structures on the site. _____

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

d. Will any structures be demolished? If so, what? _____

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No demolition of current buildings within this proposal.

e. What is the current zoning classification of the site? Current zoning is "Heavy Industrial".

f. What is the current comprehensive plan designation of the site? "Heavy Industrial".

g. If applicable, what is the current shoreline master program designation of the site? No shoreline.

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

h. Has any part of the site been classified as a critical area by the city or county? If so, specify. _____

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No known critical classification. No changes from current use proposed.

i. Approximately how many people would reside or work in the completed project? _____

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No change from current use proposed.

j. Approximately how many people would the completed project displace? None

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

k. Proposed measures to avoid or reduce displacement impacts, if any: No displacements.

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

l. Proposed measures to ensure the proposal is compatible with existing and projected land uses and plans, if any: Follow guidelines from the Benton County Comprehensive Plan.

m. Proposed measures to reduce or control impacts to agricultural and forest lands of long-term commercial significance, if any: Not applicable, this is not a site specific project. Future site specific projects may need evaluation. No changes from current use proposed.

9. Housing

a. Approximately how many units would be provided, if any? Indicate whether high, middle, or low income housing. None

b. Approximately how many units, if any, would be eliminated? Indicate whether high, middle, or low income housing. None

c. Proposed measures to reduce or control housing impacts, if any: _____

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

10. Aesthetics

a. What is the tallest height of any proposed structure(s), not including antennas; what is the principal exterior building material(s) proposed? Not applicable, this is not a site specific project. Future site specific projects may need evaluation. No structures proposed. No changes from current use proposed.

b. What views in the immediate vicinity would be altered or obstructed? _____

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

c. Proposed measures to reduce or control aesthetic impacts, if any: None

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

11. Light and Glare

a. What type of light or glare will the proposal produce? What time of day would it mainly occur?

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

b. Could light or glare from the finished project be a safety hazard or interfere with views? _____

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

c. What existing off-site sources of light or glare may affect your proposal? None

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

d. Proposed measures to reduce or control light and glare impacts, if any: None

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

12. Recreation

a. What designated and informal recreational opportunities are in the immediate vicinity? _____

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

b. Would the proposed project displace any existing recreational uses? If so, describe. No

Not applicable, this is not a site specific project. however, no recreational uses would be displaced.

No changes from current use proposed.

c. Proposed measures to reduce or control impacts on recreation, including recreation opportunities to be provided by the project or applicant, if any: No proposed measures to control impacts on recreation.

Not applicable, this is not a site specific project. Future site specific projects may need evaluation.

No changes from current use proposed.

13. Historic and cultural preservation

a. Are there any buildings, structures, or sites, located on or near the site that are over 45 years old listed in or eligible for listing in national, state, or local preservation registers? If so, specifically describe.

No historic sites known. Not applicable, this is not a site specific project. Future site specific projects may need evaluation. No changes from current use proposed.

b. Are there any landmarks, features, or other evidence of Indian or historic use or occupation? This may include human burials or old cemeteries. Are there any material evidence, artifacts, or areas of cultural importance on or near the site? Please list any professional studies conducted at the site to identify such resources. Benton County Planning Division 2022 Comprehensive Plan Amendment Docket

The 2022 Benton County Comprehensive Plan amendment cycle for the review of proposed amendments begins with the docketing of proposals. The County has received the following application proposals for amendment to the Benton County Comprehensive Land Use Plan:

CPA 2022-001 - A proposal by Vicki Brock, requesting a change in the land use designation from Rural Industrial to Rural Remote on six parcels located north of E Cochran Rd and east of S Finley Rd in the Finley rural area of unincorporated Benton County, in the northwest Quarter of Section 23, Township 8 North, Range 30 East, W.M. on parcel #'s 123802012006001, 123802012006002, 123802012157001, 123802012157002, 123802000014000, and 123802000017000.

CPA 2022-002 - A proposal by Thomas Fisher and Randall Underwood requesting a change in the land use designation from Rural Remote to Rural Industrial on three (3) contiguous parcels located north of SR 397 and west of S Yew Street, east of the Kennewick City Limits in Sections 5 & 8, Township 8 North, Range 30 East, W.M. parcel #'s 105803012350003, 105803012350002, and 108801020004003.

CPA 2022-003 - A proposal by Jerritt Wisner and Watson Development Limited et al requesting a change in the land use designation from Rural Commercial to Rural Industrial on seven (7) parcels located off Wisner Loop and Wisner Parkway in Section 11, Township 8 North, Range 28 East, W.M. parcel #'s 111881020000007 through 111881020000012 and 111881020000014.

CPA amendments 2022-001, 002, and 003 will also require modifications to Appendix A, Figure 5-dated June 8, 2021 - the 2017 Periodic Update Land Use Designation Map.

CPA 2022-004 - A proposal by the Benton County Planning Division to include maps and text edits to the Benton County Comprehensive plan designating the existing Urban Growth Area boundaries of the five incorporated cities within Benton County. The additional maps will be included within Appendix A-Map Folios.

These applications will be reviewed under the requirements of SEPA (RCW 43.21C) and Title 16.14 of the Benton County Code. The Planning Division will initiate the review and analysis of each application for consistency with the Growth Management Act and the Comprehensive Plan, including the adopted Benton County-wide Planning Policies and

prepare a staff report with a recommendation to the Planning Commission for the approval or denial of each application. The Planning Commission will conduct an open record hearing and forward their recommendations to the Board of County Commissioners (BOCC). The BOCC will conduct an open record hearing to consider and act upon the Planning Commission recommendation. Final actions on the proposed amendments are anticipated by late spring/early summer of 2022. Notification of the hearings will be published in advance; those interested in receiving a notice by mail or email regarding the above actions may call the Benton County Planning Division: at (509) 786-5612 or use our "contact us" form found at <https://www.co.benton.wa.us/forms.aspx?fid=75&catid=45>.
