Discussion of the need for locker room facilities for correction officers in response to the corona virus pandemic and consideration and decision on the following options to provide such facilities on a timely basis:

- (a) Corrections Department assuming control of the locker room formerly used by its staff prior to October 23, 2019, from the Benton County Sheriff's Office until such time as the Governor's emergency proclamation has been terminated;
- (b) the construction necessary to allow corrections officers to use such locker room without having access to the Sheriff's Office (other than the locker room itself, which during this period will no longer be part of the Sheriff's Office); and
- (c) authorizing the County Administrator to take such steps as he deems appropriate to allow the Board's action to be carried out.
