## Chapter 11.50 Variance and Conditional Use

### 11.50.040 Conditional Use

(a) Conditional Use Permit – General Standards. The conditional use permit application process allows the Hearings Examiner to review the location and design of certain proposed uses, the configuration of improvements, and the potential impacts on the surrounding area. The application process also allows the Hearings Examiner to ensure that development in each zoning district protects the integrity of that district. The notice, hearing, decision, and enforcement procedures are as set forth herein and in BCC 11.50.050.

Certain uses are classified as conditional uses because of their unusual nature, infrequent occurrence, special requirements, or potentially significant impacts to the environment, public infrastructure, or adjacent properties, and/or possible safety hazards and other similar reasons.

Once granted, a conditional use permit may be transferred by a holder thereof after

written notice to the Hearings Examiner; provided the use and location must remain the same and the transferee must continue to comply with the conditions of the permit and, if applicable, the requirements set forth in Chapter 11.51 BCC.

(d) Conditional Use Permit- Permit Granted or Denied. A conditional use permit shall be granted only if the Hearings Examiner can make findings of fact based on the evidence presented sufficient to allow the Hearings Examiner to conclude that, as conditioned, the proposed use:

- (1) Is compatible with other uses in the surrounding area or is no more incompatible than are any other outright permitted uses in the applicable zoning district.
- (2) Will not materially endanger the health, safety, and welfare of the surrounding community to an extent greater than that associated with any other permitted uses in the applicable zoning district.
- (3) Would not cause the pedestrian and vehicular traffic associated with the use to conflict with existing and anticipated traffic in the neighborhood to an extent greater than that associated with any other permitted uses in the applicable zoning district.
- (4) Will be supported by adequate service facilities and would not adversely affect public services to the surrounding area; and
- (5) Would not hinder or discourage the development of permitted uses on neighboring properties in the applicable zoning district as a result of the location, size or height of the buildings, structures, walls, or required fences or screening vegetation to a greater extent than other permitted uses in the applicable zoning district.

It is the applicant's burden to present sufficient evidence to allow the above conclusions to be made. If such evidence is not presented or all necessary reasonable conditions are not identified by the applicant so as to allow the Hearings Examiner to make the conclusions required above, the conditional use application shall be denied.

### **PUBLIC NOTICE:**

The Public Notice Requirements for this application as per BCC 11.50.050(b) are as follows:

1. The Planning Division shall provide written notification for an open record hearing, subject to the rules and regulations set forth in RCW 36.70. Written notice shall be mailed at least twelve (12) days in advance of the open record hearing to the applicant and the owner of the parcel(s) to which the proposed variance or conditional use permit would apply, and to all owners of real property, as shown in the records of the Benton County Assessor, located within a distance of three hundred (300) feet of any portion of the applicable parcel, provided that if the owner of the parcel for which the proposed variance or conditional use permit is requested owns another parcel or parcels adjacent the parcel at issue, notification shall be mailed to owners of real property located within three hundred (300) feet of any portion of such adjacent parcels as well. Failure to receive the notice shall not invalidate any proceedings or decision in connection with the proposed variance or conditional use permit. Notices addressed to the last known owner of record as shown on the County Assessor's records shall be deemed proper notice to the owner of such property; and,

2. By publication of a legal notice in a newspaper of general circulation in the County at least ten (10) days prior to the open record hearing date.
