TO: Citizens of Benton County
RE: 2017-2018 Benton County Budget

Citizens of Benton County,

It is an honor to present the final 2017-2018 Benton County biennial budget. This budget is the fourth biennial budget that the County has prepared as means to maintain the financial stability and continued sustainability of County services. This biennial budget appears to have a 8% increase over the 2015-2016 budget, due to large capital improvement projects and system updates that allow the County to provide high-quality, timely services to the community.

New projects include, but are not limited to: 1) Justice Center tenant improvements including office space remodels; 2) Justice Center roof renovations to include the main Justice Center buildings as well as the Coroner's building; 3) Improvements to Benton County Fairgrounds, including building renovations and expo hall construction; and 4) Security system updates. Along with the progression of these new projects, the County has seen substantial progress or completion of past projects. The property tax and assessment system update has been completed as well as the replacement of heating, ventilation, and air-conditioning systems in the Prosser Courthouse. There has also been continued progress in discussions of construction for the Mental Health Detention section in the Jail, with completion of feasibility studies and staffing studies to determine the appropriate next steps for the project.

These capital projects, along with others, can be found in the Capital Improvement Plan (CIP) which was approved on November 1, 2016 and is located on the Benton County website at <http://benton.municipalcms.com/docview.aspx?docid=12592>.

Investment in new technologies remains a high priority for the County. In 2016, the County implemented Facebook and Twitter pages as a way to connect with our constituents and provide timely, relevant information. A new website has been implemented, with the goal to give employees and community members a more efficient and user-friendly way to connect with services, pay fines, get information, and contact us.

Even as the economy in our region continues to improve, the County's financial forecast shows that our future costs are outpacing anticipated revenues. In the past budget cycle, 2015-2016, the County was able to remain "budget-neutral" – with sales tax increases covering losses experienced due to legal financial obligation (LFO) impacts. This challenge was presented to the Commissioners as well as to other elected officials, with the budget reflecting elected officials' and department managers' continued conscientiousness in ensuring efficiency while continuing to provide exceptional service to our citizens. Through sound fiscal decision-making and efforts to seek out efficiencies, Benton County was able to balance its 2017-2018 General Fund biennial budget.

The Public Safety Sales Tax, approved by taxpayers in 2014, has shown to be extraordinarily successful in combatting local crime and gang involvement. The County has hired numerous additional officers and provided them with new up-to-date equipment, successfully implemented Mental Health Court, which has been reporting high success, and has contracted with multiple community organizations to provide gang and crime prevention services throughout the community, with funding through the Benton County Gang and Crime Prevention Initiative. The 2017-2018 biennium will be the first full biennium operation of this Initiative, with high rates of success anticipated.

The Rural County Capital Fund now has substantial funds to pay off the remaining bond debt obligation, with a new contract being drafted to allow the County and Cities to partner in economic development projects. We look forward to working with the Cities and local economic development organizations as we work together to improve our community.

Despite these successes, there are still some uncertainties that lie ahead for 2017-2018. Although there are signs of increased revenue from retail sales and use tax, the County's second-largest revenue source, there will continue to be close monitoring of these funds. The County will analyze these projections quarterly, to ensure that there is adequate preparation to respond in case of any major variances occur.

Another uncertainty lies in the County's receipt of Payments in Lieu of Taxes (PILT) from the United States Department of Energy. These funds are received because the Hanford Site occupies a large property area that otherwise would be available for property taxes. Much of these funds are passed on from the County to local school districts, library districts, and the Port of Benton to pay for projects and improvements to the community. The County has been experiencing difficulty in receiving these funds, and is therefore a financial uncertainty for the coming budget.

The Affordable Care Act (ACA) remains an uncertainty for the County in 2017-2018. The County is continuing to work through the potential fiscal impact of the ACA, with concerns over the high-cost plan tax (aka "Cadillac tax") that would take effect in 2020.

In summary, the Benton County 2017-2018 biennial budget is fiscally sound and continues to provide the citizens of Benton County with high-quality services. As such, the Board of Benton County Commissioners would like to acknowledge and thank the elected officials, department managers, and all employees for their diligent work to achieve County-wide goals and providing exceptional customer service to our citizens. We are optimistic that 2017-2018 will be prosperous for Benton County and its citizens.

Sincerely,

BOARD OF BENTON COUNTY COMMISSIONERS

James Beaver, Commissioner

RESOLUTION

2016 897

BEFORE THE BOARD OF COMMISSIONERS OF BENTON COUNTY, WASHINGTON:

**IN THE MATTER OF THE BOARD OF BENTON COUNTY COMMISSIONERS
MAKING A DECLARATION OF SUBSTANTIAL NEED OR PURPOSES OF SETTING
THE LIMIT FACTOR FOR THE REGULAR PROPERTY TAX LEVY FOR 2017**

WHEREAS, RCW 84.55.010 provides that a taxing jurisdiction may levy taxes in an amount no more than the limit factor multiplied by the highest levy of the most recent three years plus additional amounts resulting from new construction and improvements to property, newly constructed wind turbines, and any increase in the value of state-assessed utility property; and

WHEREAS, under RCW 84.55.005(2)(c), the limit factor for a taxing district with a population of 10,000 or over is the lesser of 101% or 100% plus inflation; and,

WHEREAS, RCW 84.55.005(1) defines "inflation" as the percentage of change in the implicit price deflator for personal consumption expenditures for the United States as published for the most recent 12-month period by the Bureau of Economic Analysis of the Federal Department of Commerce in September of the year before taxes are payable; and

WHEREAS, "inflation" for September is .953 percent and the limit factor is 100.953 percent, meaning the maximum amount of property taxes Benton County could levy in 2016 for collection in 2017 would, absent a finding of substantial need, decrease except for the amount resulting from new construction and improvements to property, newly constructed wind turbines, and any increase in the value of state-assessed utility property; and

WHEREAS, regardless of extremely low or negative inflation, RCW 84.55.0101 provides for use of a limit factor of up to 101 percent with a finding of substantial need by two out of three County Commissioners; and

WHEREAS, in consideration that department requests were not approved and making further cuts difficult and the need to provide adequate funding for general maintenance and operation expenses, the Board of Benton County Commissioners determined a finding of substantial need; and

BE IT RESOLVED, the Board of Benton County Commissioners finds substantial need under RCW 84.55.0101, and the limit factor shall be set at 101 percent for the regular property tax levy for 2017.
