Task Title: MRW Collection and Management

### Task Description:

RECIPIENT will provide year-round collections, recycling and disposal of moderate risk waste (MRW) to residents and conditionally exempt small quantity generators (CESQGs) within Benton County at a fixed MRW Facility in Kennewick. The facility will operate every other weekend (26 days a year), unless greater need is identified. No LSWFA funding will be used for the operation of the facility.

RECIPIENT will conduct at least three (3) household hazardous waste (HHW) collection events, and offer collection of used oil at the Horn Rapids Landfill, and may offer collection of used oil at remote sites in the Cities of Prosser and Benton as needed. Residents may drop their HHW at the fixed facility, collection events, and oil tanks at the remote sites.

HHW collected include paints, oils, thinners, antifreeze, herbicides, acids, bases, batteries, propane tanks, corrosives, oxidizers, toxic liquids, toxic solids, caustics and flammables, and will be sorted, packed, and transported by RECIPIENT, contractor(s) or purchased services for proper management.

RECIPIENT must charge a fee for material collected from CESQGs. The fees collected must be itemized as a credit when requesting reimbursement.

RECIPIENT will track HHW collected data from HHW events and remote site collection quarterly and submit the report to ECOLOGY. As LSWFA will not be used for the operation of the MRW facility, the data from the facility will not be reported.

Reimbursement for costs incurred by contractor(s) or purchased services to implement work identified is subject to the same eligibility and reimbursement requirements as the RECIPIENT.

RECIPIENT may promote the task via media and sources such as flyers, radio, websites, and presentations. Prior to incurring costs for publications, RECIPIENT is encouraged to obtain ECOLOGY review and approval.

RECIPIENT staff may participate in trainings, workshops, and or affiliations to stay current with emerging solid waste issues. The cost of memberships in civic, business, and professional organizations is allowed to the extent they are covered in the indirect rate. RECIPIENT may direct bill for memberships pre-approved by ECOLOGY, when indirect is not charged to the Task.

The following list is a general proposal of the time and materials necessary to complete the Task. RECIPIENT is encouraged to seek ECOLOGY prior approval for costs not directly identified in the scope of work. Payable invoices and time-accounting must support eligibility of expenses:

- 1) Staff salaries and benefits:
  - Management of collection events and remote sites.
  - Outreach efforts.

Agreement No: SWMLSWFA-2019-BeCoSW-00105

Costs not eligible under this Task include collection and recycling or disposal (including crushing) of mercury containing lights covered under the LightRecycle Washington program, and /or collection of recycling of electronics and peripherals covered under the E-Cycle Washington program.

Task Goal Statement:

The goal of this task is to provide residents and businesses within Benton County with convenient collection and proper management options for MRW, diverting MRW from landfills and improper disposal.

## 28. TERMINATION

### a) For Cause

ECOLOGY may terminate for cause this Agreement with a seven (7) calendar days prior written notification to the RECIPIENT, at the sole discretion of ECOLOGY, for failing to perform an Agreement requirement or for a material breach of any term or condition. If this Agreement is so terminated, the parties shall be liable only for performance rendered or costs incurred in accordance with the terms of this Agreement prior to the effective date of termination.

**Failure to Commence Work.** ECOLOGY reserves the right to terminate this Agreement if RECIPIENT fails to commence work on the project funded within four (4) months after the effective date of this Agreement, or by any date mutually agreed upon in writing for commencement of work, or the time period defined within the Scope of Work.

**Non-Performance.** The obligation of ECOLOGY to the RECIPIENT is contingent upon satisfactory performance by the RECIPIENT of all of its obligations under this Agreement. In the event the RECIPIENT unjustifiably fails, in the opinion of ECOLOGY, to perform any obligation required of it by this Agreement, ECOLOGY may refuse to pay any further funds, terminate in whole or in part this Agreement, and exercise any other rights under this Agreement.

Despite the above, the RECIPIENT shall not be relieved of any liability to ECOLOGY for damages sustained by ECOLOGY and the State of Washington because of any breach of this Agreement by the RECIPIENT. ECOLOGY may withhold payments for the purpose of setoff until such time as the exact amount of damages due ECOLOGY from the RECIPIENT is determined.

### b) For Convenience

ECOLOGY may terminate for convenience this Agreement, in whole or in part, for any reason when it is the best interest of ECOLOGY, with a thirty (30) calendar days prior written notification to the RECIPIENT, except as noted below. If this Agreement is so terminated, the parties shall be liable only for performance rendered or costs incurred in accordance with the terms of this Agreement prior to the effective date of termination.

**Non-Allocation of Funds.** ECOLOGY's ability to make payments is contingent on availability of funding. In the event funding from state, federal or other sources is withdrawn, reduced, or limited in any way after the effective date and prior to the completion or expiration date of this Agreement, ECOLOGY, at its sole discretion, may elect to terminate the Agreement, in whole or part, or renegotiate the Agreement, subject to new funding limitations or conditions. ECOLOGY may also elect to suspend performance of the Agreement until ECOLOGY determines the funding insufficiency is resolved. ECOLOGY may exercise any of these options with no notification or restrictions, although ECOLOGY will make a reasonable attempt to provide notice.

In the event of termination or suspension, ECOLOGY will reimburse eligible costs incurred by the RECIPIENT through the effective date of termination or suspension. Reimbursed costs must be agreed to by ECOLOGY and the RECIPIENT. In no event shall ECOLOGY's reimbursement exceed ECOLOGY's total responsibility under the agreement and any amendments. If payments have been discontinued by ECOLOGY due to unavailable funds, the RECIPIENT shall not be obligated to repay monies which had been paid to the RECIPIENT prior to such termination.

RECIPIENT's obligation to continue or complete the work described in this Agreement shall be contingent upon availability of funds by the RECIPIENT's governing body.

ECOLOGY and the RECIPIENT may terminate this Agreement, in whole or in part, at any time, by mutual written agreement.

d) In Event of Termination

All finished or unfinished documents, data studies, surveys, drawings, maps, models, photographs, reports or other materials prepared by the RECIPIENT under this Agreement, at the option of ECOLOGY, will become property of ECOLOGY and the RECIPIENT shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials.

Nothing contained herein shall preclude ECOLOGY from demanding repayment of all funds paid to the RECIPIENT in accordance with Recovery of Funds, identified herein.

29. THIRD PARTY BENEFICIARY

RECIPIENT shall ensure that in all subcontracts entered into by the RECIPIENT pursuant to this Agreement, the state of Washington is named as an express third party beneficiary of such subcontracts with full rights as such.

30. WAIVER

Waiver of a default or breach of any provision of this Agreement is not a waiver of any subsequent default or breach, and will not be construed as a modification of the terms of this Agreement unless stated as such in writing by the authorized representative of ECOLOGY.
